WHEREAS, with some exceptions, the Government is generally required by Chapter 1 of Title 48 of the Federal Acquisition Regulation (FAR), 48 CFR 41.204, to enter into a bilateral contract for Electric, Natural Gas and Energy Management Services at each Federal facility where the value of the utility service provided is expected to exceed \$50,000 per year;

WHEREAS, where the Government has an areawide contract in effect with a particular utility then such utility service is normally to be procured thereunder;

WHEREAS, the Government is now purchasing such Electric, Natural Gas and Energy Management Services from the Contractor under the Areawide Public Utilities Contract for such services (Contract No. GS-00P-96-BSD-0035) that expires on March 2, 2007, or under some other service arrangement; and

WHEREAS, the Contractor and the Government mutually desire that this Areawide Contract be used by the agencies of the Government in obtaining Electric, Natural Gas and Energy Management Services from the Contractor and to facilitate partnering arrangements as encouraged and authorized by P.L. 102-486 (Energy Policy Act of 1992) 10 U.S.C. 2865 and 42 U.S.C. 8256);

NOW, THEREFORE, in consideration of the premises and mutual covenants herein contained, the parties hereby agree as follows:

(m) the term "Connection Charge" means a Contractor's charge for facilities on the Contractor's side of the delivery point which facilities (1) are required to make connections with the nearest point of supply and (2) are in accordance with the Contractor's Tariffs and the Commissions' rules and regulations, installed, owned, maintained and operated by the Contractor.

(n) the term "Class of Service" or "Service Classification" means those categories of service established in the Contractor's Tariff as filed with the Commissions;

1.2. This Article is hereby expanded to include the additional definitions contained in FAR Clause 52.202-1, Definitions (JULY 2004), 48 C.F.R. 52.202-1, which are incorporated herein by reference.

ARTICLE 2. SCOPE AND DURATION OF CONTRACT.

2.1. This Areawide Contract shall be in effect on and after the 3rd day of March 2007, and shall continue for a period of ten (10) years, except that the Government, pursuant to the clause contained in FAR 52.249-2 (48 C.F.R. 52.249-2), incorporated into this areawide contract under Article 14.1-25, or the Contractor, upon 60 days written notice to the Government, and without liability to the Government or any ordering agency, may terminate this areawide contract, in whole or in part, when it is in their respective interest to do so, provided, however, that neither the stated duration of this areawide contract nor any other termination of it, in whole or in part, pursuant to such incorporated clause, this Article 2.1, or otherwise, shall be construed to affect any obligation for any payment, charge, rate, or other matter that may be imposed pursuant to the Contractor's tariffs, rates, rules, regulations, riders, practices, or terms and conditions of service as may be modified, amended, or supplemented by the Contractor and approved from time to time by the Commissions.

ARTICLE 3. EXISTING CONTRACTS.

3.1. The parties agree that an Agency currently acquiring service from the Contractor under a separate written contract may continue to do so until that contract expires or until such time as the Agency and the Contractor mutually agree to terminate that separate written contract and have such service provided pursuant to this Areawide Contract by executing an appropriate Authorization or Authorizations.

3.2. Existing special rates and services of a special nature currently provided under a separate written contract may be continued under the Authorizations described in Article 3.1 if requested by the Ordering Agency and agreed upon by the Contractor.

ARTICLE 4. AUTHORIZATION PROCEDURE AND SERVICE DISCONNECTION.

The Contractor further warrants and represents to the Government that charges for the matters or services referenced in Article 5.6 hereof will not exceed the charges billed to other customers of the Contractor served under the same service classification for like matters or services provided under similar circumstances.

5.8. The requirements of the Disputes clause at FAR 52.233-1 are supplemented to provide that matters involving the interpretation of Contractor's Tariffs are subject to the jurisdiction and regulation of the utility rate commission having jurisdiction.

Bills shall be submitted in original only, unless otherwise specified in the Authorization. All bills shall contain such data as is required by the Commission to substantiate the billing, and such other reasonable and available data as may be requested by the ordering Agency, provided that such other data are contained in bills provided to other customers of the Contractor served under the same service classification as the ordering Agency.

7.1. Payments hereunder shall not be paid in advance of services rendered. The ordering Agency shall effect payment of all bills for regulated services rendered under this Contract in accordance with the terms of the Contractor's Tariff. Currently, a late payment charge of one and one-half percent (1-1/2%) per monthly billing period will be assessed upon the unpaid balance of any utility bill twenty-five (25) calendar days after the date the bill is rendered by the Contractor. 7.4. Each payment made by Treasury check to the Contractor shall include the Contractor's billing stub(s), or a Government or ordering Agency payment document, that clearly and correctly lists all of the Contractor's account numbers to which the payment applies and the dollar amount applicable to each account. If payment is by Electronic Funds Transfer either through the Automated Clearing House (ACH) or the Federal Reserve Wire Transfer System, the provisions of FAR Subpart 52.232-34 shall apply (See Article 14).

ARTICLE 8. CONTRACTOR-OWNED METERS.

8.1. Metering equipment of standard manufacture suitable to measure all utility services supplied by the Contractor hereunder shall be furnished, installed, calibrated and maintained by the Contractor at its expense. In the event any meter fails to register or registers incorrectly, as determined by the regulations of the Commission, billing adjustments shall be made in accordance with such regulations.

10.4. In accordance with the Contractor's Tariff and/or Terms and Conditions of Service, neither the Contractor nor its employees or agents, shall be liable for damage or injury to any person or property, including death, occasioned solely by the negligent installation, use, operation or intentional misuse of Contractor's equipment or facilities by the Government, its employees or agents.

10.5. The Contractor shall not be liable for incidents arising out of or in any way connected with the violation or compliance with any local, state or federal environmental law or regulation resulting from pre-existing conditions at a Government job site, release or spill of any pre-existing hazardous materials or waste, or out of the management and disposal of any pre-existing contaminated soils or ground water, hazardous or non-hazardous, removed from the ground as a result of work performed by the Contractor.

10.6. The Government agrees to accept full responsibility for and bear all costs associated with pre-existing environmental liability. Responsibility for testing, abatement, remediation, and/or disposal of hazardous material, including, but not limited to, contaminated soil, lead paint, asbestos, fuel oil, or underground fuel oil tanks, shall remain with the Government. Where there is reason to suspect that hazardous material is present at the work site, or where hazardous material is encountered during the course of work being performed, the Contractor shall stop work; notify the Contracting Officer and Activity personnel, and request that the Government test the work site for such hazardous material and appropriately abate and dispose of such hazardous material. Once the work site has been cleared of all hazardous material, the Contractor shall resume work in that area.

ARTICLE 11. ACCESS TO PREMISES.

11.1. The Contractor shall have access to the premises served at all reasonable times during the term of this Areawide Contract and at its expiration or termination for the purpose of reading meters, making installations, repairs, or removals of the Contractor's equipment, or for any other proper purposes hereunder; provided, however, that proper military or other governmental authority may limit or restrict such right of access in any manner considered by such authority to be reasonably necessary or advisable.

ARTICLE 12. PARTIES OF INTEREST.

12.1. This Areawide Contract shall be binding upon and inure to the benefit of the successors, legal representatives, and assignees of the respective parties hereto.

12.2. When the Contractor becomes aware that a change in ownership has occurred, or is certain to occur, the Contractor shall notify the Contracting Officer at the address provided in Article 16.1 within thirty (30) days of such ownership change. In the event the Contractor fails to make the notification required by this Article 12.2, the Government cannot guarantee the payment of outstanding invoices in accordance with the provisions of Article 7.1.

ARTICLE 13. REPRESENTATIONS AND CERTIFICATIONS.

13.1. This Areawide Contract incorporates by reference the representations and certifications made by the Contractor on Form PBS 3503 which is on file with the Government.

ARTICLE 18. UTILITY ENERGY SERVICE CONTRACTS.

18.1. Measurement and verification: Energy Conservation Measures (ECM) will not be normally considered unless a net overall energy usage or cost reduction can be demonstrated and verified. Verification standards for energy projects are established in the North-American Energy Measurement and Verification Protocol (NEMVP), published by the Department of Energy's Federal Energy Management Program (FEMP).

18.2. Unless otherwise provided by law, the following provisions shall apply:

(a) Payment for energy conservation measures, when authorized as Energy Management Service (EMS), shall be equal to the direct cost of capital or financing amortized over a negotiated payment term commencing on the date of acceptance of the completed installation;

(b) The payment term for Authorizations involving energy conservation measures should be calculated to enable the Ordering Agency's payment to be lower than the estimated cost savings to be realized from its implementation. In no event, however, shall this term exceed 80% of the useful life of the equipment/material to be installed.

18.3. Subcontracting: The Contractor may perform any or all of its requested services through subcontractors, including its unregulated affiliates. ECM subcontractors shall be competitively selected in accordance with FAR 52.244-5 (Article 14.1-24 herein). Subcontractor selection shall be based on cost, experience, past performance and other such factors as the Contractor and the Ordering Agency may mutually deem appropriate and reasonably related to the Government's minimum requirements. Upon request by the Government, the Contractor shall make available to the contracting officer all documents related to the selection of a subcontractor. In no event shall the service be provided by subcontractors listed as excluded from Federal Procurement Programs maintained by GSA pursuant to 48 C.F.R. 9.404 (Article 14.1-8 herein).

18.4. For all Authorizations involving Energy Conservation Measures, it is desirable to have a Warranty Clause that addresses the specific needs and requirements of the work being performed and equipment that is to be provided by the Contractor, however, in the absence of a Warranty Clause in the Authorization the following language will serve as the default Clause:

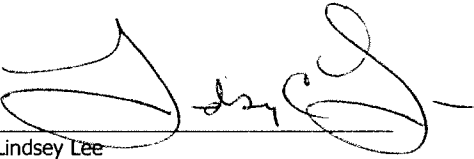

The Company shall pass through to the Agency all warranties on equipment installed or provided by it or its subcontractors on Government property with the following representation:

CONTRACTOR ACKNOWLEDGES THAT THE UNITED STATES OF AMERICA WILL OWN OR LEASE THE EQUIPMENT AND/OR MATERIALS BEING INSTALLED OR SUPPLIED HEREUNDER, AND, ACCORDINGLY, AGREES THAT ALL WARRANTIES SET FORTH HEREIN, OR OTHERWISE PROVIDED BY LAW IN FAVOR OF COMPANY SHALL INURE ALSO TO THE BENEFIT OF THE UNITED STATES AND THAT ALL CLAIMS ARISING FROM ANY BREACH OF SUCH WARRANTIES OR AS A RESULT OF DEFECTS IN OR REPAIRS TO SUCH EQUIPMENT OR SUPPLIES MAY BE ASSERTED AGAINST CONTRACTOR OR MANUFACTURER DIRECTLY BY THE UNITED STATES.

IN WITNESS WHEREOF, the parties have executed this contract as of the day and the year first above written.
